TO PLANTERS AND MILLERS TUST arrived at Armstrong & Co.'s, No. 69 Market S Nashville, an amortment of Ross' celebrated CONICAL BURR-STONE MILLS, adapted for Planters' and Millers use Being self-regulating in fleding, and the Stones not coming in contact if running empty. They are durable, easily set up, and not liable to get out of order, as they are made of the best French Barr Stone, requiring only common Mill Pick to dress and keep the Stone in orde which any person can do with ordinary capacity, as full instructions and printed directions will be given with each Mill sold, we also warrant them to grind with less power than any other Mill. And we challenge a test with any owner of Horse Power Burr Stone Mills-Mill against Mil on a public exhibition-the successful party taking both | Just received by

We are not offering Rights for sale, but genuine French Burr Stone Mills. Constructed upon the best known prin ciples of grinding, without any oscilating motions, thereby producing the highest grades of Flour, which have been awarded the highest premiums at several State and County Fairs. And to millers e-pecially, we will say, that no flat Stone can equal the Conical Mills as an auxiliary mill for regrinding middlings and other offals, in Flouring Mills alrendy established; and we would take pleasure in showing letters we have received from old millers who now have them in use. Nine of those mills are now in preference used to all others at the Lookout Mills, at Chattanooga, lately erected by the Chattanooga Packing and Milling Company, where any person interested can see them at work. EPPERSON SPRINGS A RE LOCATED IN MACON COUNTY, TENNESSEE, on the waters of Trammel Creek, four miles East of the turnpike leading from Gallatin, Tenn., to Scottsville, Ky., and will be prepared for the reception of visitors and invalids by the 1st of June. This place has already acquired a reputation widely circulated for the highly medicinal character of its waters, (four different varieties,) and is now being visited by very many, living remotely, who go in search of a healthy and delightful summer retreat, not only the invalid, but the seekers after pleasure.

Having gone to considerable expense in refitting and enlarging our means of accommodation we flatter our selves that we will be able to add materially to the confort of all who may favor us with a visit, having during the past winter put away about seventy thousand pounds of very fine Ice. We have had but t 12 additional bed rooms besides a large one 60 by 2 ft, latticed on each si ie to afford air, in which the lovers of pleasure and social enjoyment will find ample room for recreation.

It is only necessary to say that chronic affections of any

of the more important organs exhibit the efficacy of the waters, particularly those of females. There will be a practising Physician here at all times, should his professional services be required. Thankful for the very kind and liberal patronage heretofore extended towards us, by our numerous friends and visitors, we again ask a continuance of the same, with the assurance that neither time nor pains shall be spared to render all comfortable and agreeable, who may sojourn with us in future. Having secured the services of Mr. and Mrs. Patterson, the public may be assured of heavty cheer in the dining-room. Our stable, too, will be well attended to. Our charges will be as low as the times and season will admit of, viz: For regular boarders, or those remaining one week or more, (washing extra) \$1.00 per day; children of 10 years of age and under and servants, half price; horses 50 cents per day. Transient visitors will be charged 50 cents per meal or from \$1,50 to \$2,00 per day. For extra services a reasonable charge will be made. Washing, Ironing, &c., \$1.00 per dozen. For pressing or Loning dress for ladies, half price.

JUSTICE & GALBREATH'S COTTON PLANTER AND CULTIVATOR

THE Patent Right of offered for sale by the inventors. This Planter was wented by an old cotton planter, and we feel safe n saying it is the best imement ever off red to the th. This Machine cor ists in the following pa-culars and works as fo lowe: Harrows the bed or ridge, and opens the row, and drops the seed, and onvers them ep; thus completing the whole of the work at one going over, and saves the labor of four men and three horses; and does the work much nicer than can be done in the usual way;

would be used in the usual way of sowing. Remember seed is worth 30 cents per bushel.

This Machine is also an elegant Cultivator, after the Cotton is up. The front plow, hopper, and covering block may all be removed and Scrapers screwed on. And then you scrape both sides or the row, and harrow the ground, and ow the cotton, if necessary, all at once; thus saving the labor of at least 5 o 6 hands. The above Machines can be got up at a cost of not over eleven dollars, and can be sold in the South for \$25 or \$30 as ast as they could be manufacture tor shipped there. Do not let anything prevent you making an investigation of our lotton Planter. We challenge the world to show a better or more labor saving and useful implement for the purp se commended. The first objection is yet got to be set up against it.

A small model of our Planter may be seen at the Sewanes House, College street, Nashville. We have set the Patent light of this Machine at \$ % cents on the bale of cotton produced of any State. Reference being had to the Statistics We can be seen at the Sewance House at present. After a few days, address JUSTICE & GALBREATH.
